The Reverend James R. Neely, a newly approved Assembly of God missionary to Iran, will be guest speaker Sunday, March 8th, 11:00 a.m. at Church, 322 No. Main St. the Reverend C.C. Trullitt, pastor, has announced.

Reason Why Eclipse Dangerous

NEW YORK (AP) — You can safely look at a great big round red sun sinking on the horizon, but you cannot stare even briefly at an eclipse of the sun.

When the sun is low, its heat rays are traveling through and

being absorbed by a great mass of earth's protective air before the rays reach your eyes. But higher in the sky, the heat rays slip through a much thinner blanket of air.

And while in daylight you might glance at the very bright sun, it is so uncomfortable that you blink or quickly look away. The danger with an eclipse is that you don't feel any discomfort when most of the sun's brightness and heat have been blocked out by the intruding moon.

ASKS HELP (from page one)

ing the past few months, North Vietnam has sent over 13,000 additional combat ground troops into Laos.

The President said U.S. air operations in that Southeast Asia country have as their first priority the interdiction of a continuing flow of North Vietnamese troops and supplies across the Ho Chi Minh Trail, a complex in Laos to join the fighting in South Vietnam. He reported that in 1969, this flow totaled about 10,000 men.

"In addition to air operations on the Ho Chi Minh Trail," he said, "we have continued to carry out reconnaissance flights in northern Laos and fly combat support missions for Laotian forces when requested to do so by the Royal Laotian government."

In each instance, he stated, "our combat air operations have been flown only when requested by the Laotian government."

He said that the level of U.S. operations in the air "has been increased only as the number of North Vietnamese in Laos and the level of their aggression has increased."

Declaring that peace remains the highest priority of the administration, Nixon said he dispatched letters today to Soviet Premier Alexie Kosygin and British Prime Minister Harold Wilson, who are cochairmen of the conference responsible for maintaining the 1962 Geneva accords on Laos.

METHODISTS TO HEAR YOUTH MINISTER, ORGANIST

At a time when the behavior of our youth usually runs counter to the general concept of the immediate older generation, thus reflecting what is commonly termed a "Generation Gap," the youth of Bethel A.M.E. (Methodist) Church at 417 South Laurel street are presenting a youth pair who are currently engaged in church leadership capacities which could reveal a greater degree of youth-adult behavior consistency, than is normally conceived.

The Reverend Jerry Caldwell, a Magnolia High School Junior will preach two sermons at Bethel Sunday. Rev. Caldwell is a licentiate Minister of the West Arkansas Annual Conference of the African Methodist Episcopal Church, and has completed theological prerequisites for initial Ordinations.

Recently, Magnolia Superintendent of Schools, Carlton Hasley, named Reverend Caldwell official Student Minister for Student body's special rituals at Magnolia High.

Miss Rebecca Wyrick, also a Junior at Magnolia High School and who has served as first organist for the St. Phillips A.M.E. Church in Magnolia for the past two consecutive years will be guest organist for both worship sessions.

For those in attendance to these services, a rewarding treat is in store, according to the Pastor of Bethel Church, Dr. W.G. Wynn. The public is invited to attend.

The Charmettes Social Club will hold its regular meeting at the Green Leaf Cafe Wednesday March 11, at 7:30 p.m. with Mrs. Lurlean Phillips, hostess and Mrs. Inez Cannon, co-hostess. All members are urged to be present and on time.

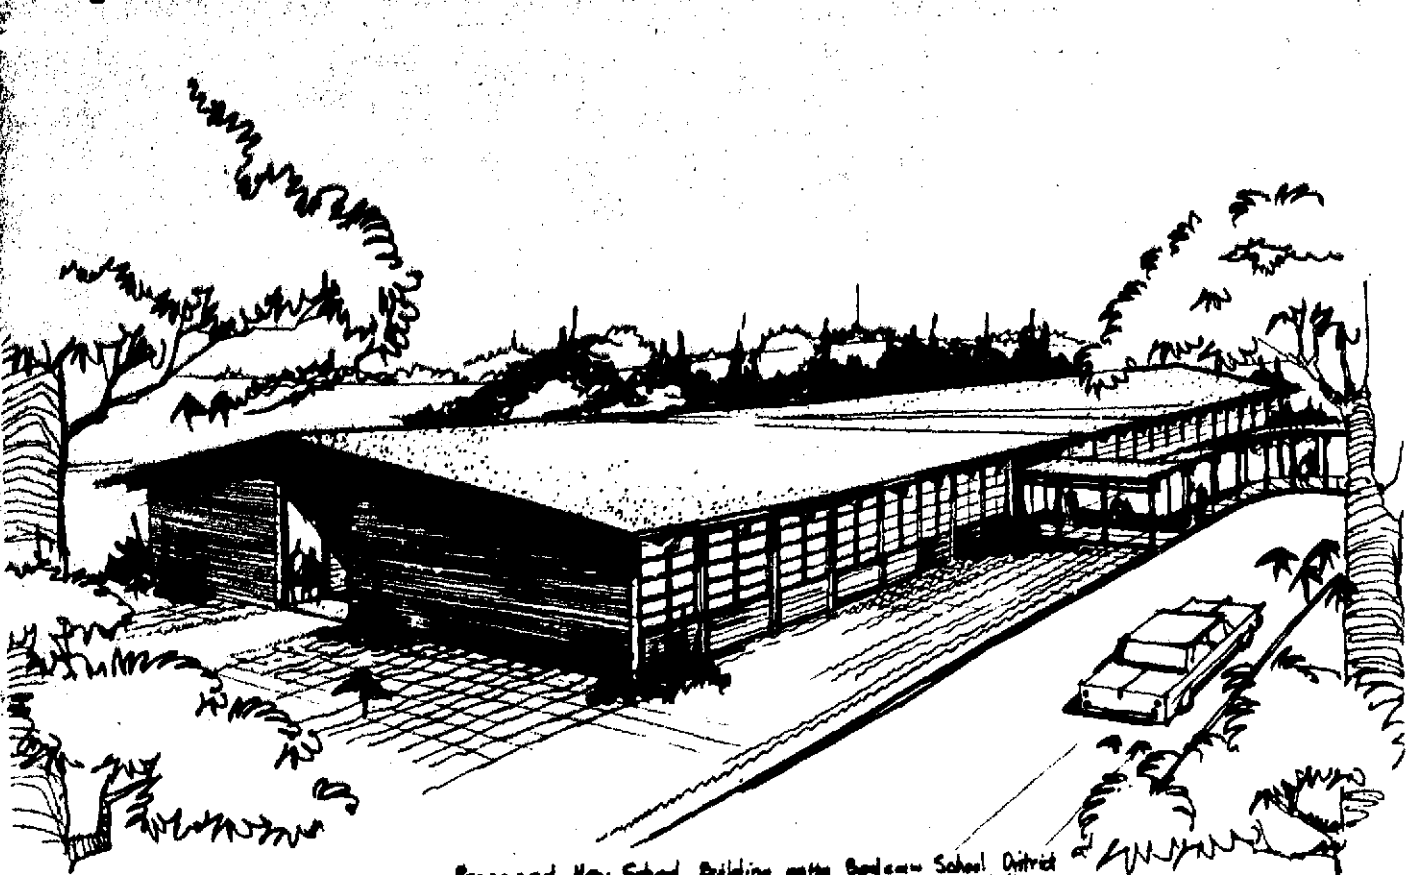

ures sailed through. Among them was bill to appropriate \$800,000 for equipment purchase and construction at the prisons. The construction bill failed in the House, where 75 favorable votes were necessary. Another attempt to pass it may be made today.

The prison bills appropriate a total of \$2,896,000, but only \$2,350,000 is on hand. If additional funds become available, the Department of Correction will already have authorization to spend up to \$546,000 more than is now on hand in the state accounts from which the money would be appropriated.

The council's plan would fund the prisons without a tax increase, but at a level \$1.4 to \$1.9 million below what the department requested.

Wet Weekend Predicted for Arkansas

By THE ASSOCIATED PRESS
The U.S. Weather Bureau is predicting a wet weekend for much of Arkansas as a low pressure area moves into the state from the west bring showers.

This shower and thunder-shower activity will move westward today, spreading over Arkansas tonight and Saturday. However, the heavier rainfall amounts are expected over the southern half of the state.

The low pressure area is expected to dominate the state's weather throughout the weekend, pulling out of the state Sunday.

Temperatures will be a little warmer as more southerly winds are expected to bring warm, moist air up from the Gulf of Mexico.

Highs today should range in the 60s and not so cold tonight with lows in the 40s to low 50s. Highs Thursday ranged from 64 at Fayetteville and Texarkana to 57 at Memphis.

The Bedcaw School District will submit to the voters a proposed 11 mill tax increase on Tuesday, March 10 for the purpose of constructing a new classroom, pictured above. The new structure depends on support of district residents. Everyone is urged to vote.

Television and Radio

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP) — The 1969-70 television season will be history in about three weeks. Then it will be, as usual, reruns and replacement shows for the next five months.

As far as the commercial networks are concerned, 1969-70 probably will be, at best, a footnote in TV history. Its entertainment has been bland and most of it easily forgotten. The brightest new program was a daily series aimed at children between ages 3 and 5, "Sesame Street."

This series, on the educational network, was not only well done and appealed to its audience but nudged the commercial networks into doing more than talking about upgrading the quality of children's programming.

Popular series from other seasons, often a little show worn and weary, continued to be the most popular viewing fare. Good old movies attracted big audiences and bad old movies were treated by the audience the way they treated bad television shows. Variety shows, slick and colorful, had a tendency to look alike as the same guest stars traveled from one to another.

The so-called "variety" specials often were no more special than the weekly shows—Anne Bancroft's recent hour was a happy exception.

No bright new stars arrived, no engaging new concept became a series, and TV exposure dulled the shine on some established stars. Neither Debbie Reynolds nor Lana Turner did much for her career by taking a TV fling.

Original dramas, few in number, were rarely memorable. Occasionally, however, a performance lit up the tubes—Uta Hagen in a "CBS Playhouse," Patty Duke and Al Freeman Jr. in a "World Premiere" feature, Peter Ustinov in a "Hall of Fame" drama.

Criticism of TV violence muzzled the guns and reduced the mayhem, but nobody came up with a stimulating substitute for the fist fight or the shootout. New comedy shows seemed to draw inspiration, format and sometimes the jokes from old comedies.

Behind the cameras, there is considerable worry—about attacks on the medium, about the impending loss of cigarette advertising and about a new report that viewing is down.

Nielsen studies still indicate that the average TV set is in use well over six hours a day and the number of people watching is increasing. But a rival firm, the American Research Bureau, said its study found that viewing had dropped, in some places as much as 10 per cent.

The cause is a mystery and the validity of the report is controversial.

REGISTERED NURSES MEET
District 16 of the Registered Nurses Association met at the Memorial Hospital on Tuesday night, March 3. Mrs. Dortha Funk, state RN co-ordinator, presented the program.

"ASNA special Gift Fund" was the subject of the first part of the program, and the second part was "Modern Emergency Room Care." The latter made use of slides with the narration done by the taped voice of Mrs. Juanita Gray, formerly of Hope.

Improvements Viewed

Left to right: Mrs. R.M. Burrow, Mrs. L.C. Crow, Mrs. Jack Ward and Mike Kelly.

Mrs. Jack Ward, Arkansas Federation of Garden Clubs Community Development chairman, visited Hope this week to go over the Hope Council of Garden Clubs civic improvement project.

The Hope council has entered the Douglas Building area in the Sears Civic Improvement contest. This is a three-year project and the Hope Council won \$150 for second place last year.

Mrs. R.M. Burrow, El Dorado, accompanied Mrs. Ward. Mrs. Burrow is a life judge and landscape critic and was Southeast District Director from 1967 to 1969.

B.N. Holt, Chamber of Commerce manager, Mike Kelly, director of the Housing Authority, and Mrs. L.C. Crow, representing the Hope Council, entertained the visitors at lunch at Town & Country.

Mrs. A.A. Albritton is City Beautification Chairman for the Hope Council and Mrs. Charles Stone is the Sears project history and Calvin Caldwell, county agent, planned the landscape.

Various Garden Clubs, Junior Garden Clubs and other youth and civic groups have helped the project. The project will take another year to complete and all interested groups are asked to take part in this and other beautification programs.

disgusted join me? I bitterly resent the attitude of "Anything Goes" so long as you're discreet, and I detest the way of office workers unite to "protect" the wayward one, even helping him along with his affairs. I've heard of one group of men who rent an apartment for all to use "when something interesting turns up."

I'd like to gather all wives who are faithful, hard-working, confined mothers of small children—and furious with "office partying"—for a march on masse through the city of New York. We could all go on strike for one week and refuse to perform ANY of our wifely tasks.

Office parties out, but OFFICE PARTYING NOT? Dear Helen: Office parties—the big planned kind—may be on their way out, but office partying is definitely not! I mean the intimate little lunches and the late dinners after "over-time" and the impromptu "going away" affairs which are liquid "good-byes" to a fellow worker, but often start a good thing going between those left behind.

The secretary who said men and women office workers don't spend all their time chasing each other around desks is partially right. But plenty of time is spent in pursuit, nevertheless! Take it from a stay-at-home wife of a more than willing man!

I would like to stage a mass protest against infidelity which so conveniently disguises itself under the name of "business." Won't wives who are equally

Although we are definitely not Roth-Stone bidders we have long known that Alvin Roth and Tobias Stone are two of the great players who have made numerous contributions to the game of bridge.

Now see if you can figure out why Stone, sitting East, played the jack of spades rather than the king at trick one!

Let's allow Stoney to explain it himself.

"Dummy and I each held 10 high-card points. That left 20 for South and my partner and I knew that South would be holding from 16 to 18. How could we beat this contract?"

"I decided my partner had to hold the ace of spades and that his lead had been fourth best of a five-card suit. If not, we were dead ducks. Now, suppose I made the normal play of the king. It would hold and when I continued with the jack, South, a very good player, would not cover with the queen. My jack would be a sure trick and the rest of my partner's spades would die on the vine.

"When I did play the jack South had no choice but to take his queen and go after the clubs. I took my king and led my king of spades. My partner overlooked and that was all."

The play was most unusual but it is the sort of defensive play that has led many experts to consider that Stone is the best defensive player in the world.

Hope Native Promoted at Ark. College

MRS. CHED HALL
BATESVILLE — Mrs. Ched Hall, a native of Hope and currently Dormitory Resident and Assistant to the President for Public Relations and Development in September, President R.W. Wygle has announced.

Mrs. Hall joined the college staff in 1959 as the housemother in Sprague Hall, a boys' dormitory, and remained the resident in the boys' dormitory for four years. She has been the resident in charge of women dormitory students since 1963. Mrs. Hall has been the subject of feature stories in the Arkansas Gazette and Arkansas Democrat in connection with her outstanding work with dormitory students on the campus of Arkansas College.

She was a lifelong resident of Hope prior to moving to Batesville in 1959. Her parents are the late Mr. and Mrs. E.W. Winn of Hope. Mr. Hall died in 1953. She has one daughter, Mrs. John L. Stewart of Denver and four grandchildren.

She is an elder of the First Presbyterian Church of Batesville and is a former member of the First Presbyterian Church of Hope where she was active for many years in young people's work. She has been active in Presbyterian affairs and in the Women of the Church organizations both in Hope and Batesville. Mrs. Hall currently is serving as Leadership and Resources Chairman of the WOC. She is a member of the Batesville chapter of the PEO.

She will continue in her capacity as College Hostess.

Get The Light From GODS LIGHTHOUSE GUIDE YOU TO HIS CHURCH

Teach Me to do Thy Will

Then, Lord, since we cannot live by less,
let us pray the prayer of faith that will make
of us Children of God. Help us to become totally
resigned to Thee and to be worthy of Thy sacred trust.
Good Lord, you have given us dominion over land,
sea and air, but this is too much unless we have
your company all the way. We are guilty of forgetting
our church, our pastor and our friends, and
please, Lord, never let us do this again.
But for Thy strong arm, Lord, we know we
would fail. So, right now, Lord, we petition Thee to
mark, very plainly, the path Thou wouldst have us walk and
demand from us an accounting of our finest stewardship.
Give us wisdom and power to challenge those about
us, to take up Thy Cross and follow all the way to a new
life in Thee. Call us to regular worship in Thy church,
and there, let us discover the secrets that will
keep us ever close to Thee. This will surely be enough,
Lord, when we learn to do Thy will.

SEARCY, Arkansas—Few college choral groups are as widely traveled as the Harding College A Capella Chorus, who will present a program of religious music at 2:30 p.m. Sunday, March 8, 1970, at the Hope Church of Christ in the city of Hope.

The chorus has toured every state in the United States with the exception of Alaska, Hawaii, North Dakota and Utah, and has appeared in Canada and Mexico. During the tours the chorus has made many appearances on local television and national television stations.

The summer of 1969 held the biggest tour of all—a two month singing visit to twelve countries in Europe. The Chorus, composed of present and past members, sang for churches, for religious lectureships and campaigns and for general audiences in auditoriums furnished by host cities and countries.

Annually, two nine-day tours, shorter weekend trips and two recent five-week summer tours have been the routes for the chorus. In 1965 the group turned an invitation to sing at the New York World's Fair into a tour of the eastern half of the United States. In 1966 the western states were covered.

In addition, a smaller group within the chorus, the Belles and Beaux, has made five overseas USO tours to the Far East (twice), Europe, the Caribbean and Greenland and Iceland, entertaining military troops with a musical variety show.

The Hope Church of Christ invites the public to attend open house March 8 and hear this chorus at 2:30 p.m.

"Look at Tomorrow" One may stand on Alaska's Little Diomed Island and look across the strait to Big Diomed Island, which belongs to the Soviet Union. This is really "looking at tomorrow" since the international date line passes through Bering Strait between these two islands.

Slow Action Almost Beat S. Carolina

By TED MEYER

Associated Press Sports Writer
If you can't run with them, stall. That was the underlying theme of the slow action basketball game between the Clemson Tigers and the South Carolina Gamecocks.

The Clemson Tigers used the slow down tactics against the Gamecocks in the first half, scoring what would have been the most stunning upset in the history of the Atlantic Coast Conference championship tournament.

South Carolina pulled out a 34-33 victory on three free throws in the last 47 seconds to break a 31-31 tie.

"I was convinced this was the only way to give our boys a chance to win," said Bobby Roberts after his last game as Clemson coach. "They had clattered us twice in the regular season."

"They were clever with the ball," said Frank McGuire, South Carolina coach. "But our boys have a lot of guts. They will not crack."

Ronnie Yates of Clemson was the game's high scorer with 12 points while Tom Owens paced the winning Gamecocks with nine. The score was tied at the half 12-12.

South Carolina now plays Wake Forest in the ACC semifinals tonight at Charlotte with Virginia pitted against N.C. State in the other semi.

Wake Forest advanced by beating Duke 81-73, N.C. State by tripping Maryland 67-57 and Virginia by surprising North Carolina 90-83. Charlie Scott alone pulled the game out for the Tar Heels by scoring 41 points.

St. Bonaventure, No. 4 in The Associated Press poll, won its 10th straight by routing Fairleigh Dickinson 86-59 and ninth-ranked Marquette humbled Tulane 79-67 at New Orleans.

Jeff Halliburton's second-half shooting, including a vital basket that broke a 78-78 tie, brought 14th-ranked Drake from behind for an 85-80 road triumph over St. Louis.

All-American Calvin Murphy was held to 14 points, but his Niagara teammates managed to beat Canisius at Buffalo 60-57.

Santa Clara took a one-game lead over U. of Pacific in the WCAAC Conference by knocking St. Mary's 113-73 as San Francisco topped UOP 59-58. Santa Clara now can win the WCAAC and an NCAA berth by beating UOP Saturday.

North Texas beat Wichita State 84-79, Rhode Island shaded Brown 68-66, Rutgers downed NYU 70-66, Manhattan trounced Fordham 73-54, Colorado thumped Iowa State 107-79 and Denver defeated Portland 85-75 in other games.

The NCAA college division tournament started with UC, Riverside, beating Boise State 83-71 and Puget Sound overcoming Sacramento State 67-62 in the Far West Regional at Tacoma.

The other 28 teams in the NCAA college division tournament play their first round games tonight with these regional pairings:

New England at Worcester, Mass.—St. Anselm vs. American International and Assumption vs. Springfield.

South Atlantic at Statesboro, Ga.—Stetson vs. Mt. St. Mary's and Georgia Southern vs. Old Dominion.

South at Owensboro, Ky.—Transylvania vs. Kentucky Wesleyan and Bellarmine vs. Tennessee State.

East at Buffalo, N.Y.—Buffalo State vs. Stony Brook and Hartwick vs. Montclair State.

Midwest at Reading, Pa.—Ashland vs. Cheyney State and Youngstown vs. Philadelphia Textile.

Great Lakes at Mt. Pleasant, Mich.—Central Michigan vs. Wayne, Mich. and St. Joseph's, Ind. vs. Capital.

Wood Takes 2nd World Skating Title

By THE ASSOCIATED PRESS

YUGOSLAVIA, Yugoslavia (AP) — A brilliant free skating performance carried Tim Wood from behind and earned the 22-year-old Colorado Springs, Colo., ace his second consecutive World Figure Skating Championship Thursday.

Wood trailed Czechoslovakia's Ondrej Nepela by less than nine points after the compulsory figures which count for half of the total score.

But even Nepela knew that Wood's superb free-style performance would be too much to beat. "I knew the outcome beforehand," the Czech skater said.

Wood put on a nearly flawless five-minute show with intricate jumps and spins dazzling the judges. He finished with 2,779.3 points and 12 ordinals, or judging points, to Nepela's 2,757.6 points and 15 ordinals.

Third place went to Gunter Zoeller of East Germany, who finished with 2,702.0 points and 32 ordinals.

"I am very happy," said Wood, "but the competition was very tough and exhausting. I'm glad it's all over. I think my good high jumps earned me the title."

In women's competition, Austria's Beatrix Schuba held a slight lead over defending champion Gabriele Seyfert of East Germany after completion of compulsory figures.

Compulsory figures were to be completed today with free skating climaxing the championship Saturday evening.

Haywood Has Broken a Record

By THE ASSOCIATED PRESS

Spencer Haywood has broken another first-year American Basketball Association record in keeping the Denver Rockets atop the Western Division standings.

The rookie dropout from the University of Detroit poured in 36 points and grabbed 15 rebounds in leading the Rockets to a 114-97 triumph over the Pittsburgh Pipers Thursday night.

Haywood, who already holds the season mark for total points by a rookie, boosted his rebound total to 1,261, eclipsing the 1,256 set by Mel Daniels in 1968 while with Minnesota.

In the only other ABA action, the Indiana Pacers continued their hot pace in the Eastern Division by tripping the Washington Caps 123-110.

Atlanta topped Milwaukee 126-117 in the only National Basketball Association game.

Denver snapped a two-game losing streak and increased its lead in the West to a full game over the Dallas Mavericks, while Dennis Hamilton's 19 points topped the Pipers.

Indiana, now in front by 13½ games, got 25 points and 22 rebounds from Daniels. Roger Brown added 24 and Bob Netelky and Freddie Lewis 20 each.

Washington, which dropped 2½ games out of the pace in the West, closed within one point of Indiana 76-75 with 3:40 left in their period before the Pacers poured it on. Rick Barry's 21 points led the Caps.

CINCINNATI (AP) — Donald Costa became today the fifth assistant to be named to the Xavier football staff under new head Coach Dick Selcer.

The Detroit Red Wings moved into a three-way tie for third place with the Montreal Canadiens and Chicago Thursday night by whipping Pittsburgh 5-3.

All three teams have 75 points, six less than second-place New York and seven fewer than division-leading Boston.

Only Toronto with 63 points after Thursday's 5-3 victory at Los Angeles, is out of the race.

The Red Wings jumped in front in the early moments of the second period when Frank Mahovlich boomed his 379th career goal, moving into a seventh-place tie with Ted Lindsay on the all-time NHL scoring list.

Later, Bruce MacGregor and Gary Unger both bounced goals in off Pittsburgh netminder Al Smith less than one minute apart, giving Detroit a 4-1 edge.

Assault Charge Dismissed in Hockey Play

By THE ASSOCIATED PRESS

TOKYO—Paul Fujii, 14½, Honolulu, knocked out Pat Sok Kyu, 14½, South Korea, 3.

BARCELONA, Spain—Jose Legra, 126, Spain, outpointed Rimmy Bell, 15½, Scotland, 10.

LOS ANGELES—Jimmy Robertson, 137, Los Angeles, outpointed Jose Luis Castillo, 136½, Guadalajara, Mex., 10.

OTTAWA (AP) — President Clarence Campbell of the National Hockey League commented Thursday that "everyone in the NHL is gratified" at the acquittal here of hockey player Wayne Maki on a charge of assault causing bodily harm.

Maki, 26, was charged as a result of a bloody stick-swinging duel with defenseman Ted Green of the Boston Bruins at a Boston-St. Louis Blues exhibition game here Sept. 21.

Green will appear in court here on a reduced charge of common assault. He had been originally charged with assault causing bodily harm but this was reduced by the Crown in light of the Maki judgment.

Green suffered a fractured skull requiring three operations. A plastic plate was placed in his skull in the last operation and he was released from hospital here last Saturday. He is expected to be ready for play next season.

Charges were made by Ottawa police. Neither player wished to press charges against the other. In a written decision, Judge C. Edward Carlgren said Maki was defending himself against Green, well-known for his rugged play in the NHL.

Commenting from NHL headquarters in Montreal, Mr. Campbell said "the consequences of a conviction could have been very embarrassing—not only to hockey but all sports."

Conviction would have been a precedent for the "intervention" of civil authorities in respect to incidents in actual play. No NHL player had previously faced such a charge.

Campbell said the NHL has always recognized the "privacy" of the civil authority but the only reason no criminal action had been taken before was the "adequacy of the discipline maintained by the league itself."

However, on the question of intervention, Judge Carter said police are justified in making charges in such cases even though the players might not consent to lay complaints against each other.

"No sports league should render players in that league immune from criminal prosecution," he said.

Defense lawyer John V. Urie said later: "I don't think there is any question the judgment is any question the judgment could be significant to sports."

Police would be free to press charges against athletes if the circumstances warranted it. However, the fact the ruling on consent had not been necessary to the judgment on Maki means it would not be binding on future cases, he said.

Campbell ordered a suspension of 30 days for Maki and of 13 games for Green—Green's to be served if and when he regains his old Boston defense spot.

Maki, a winger with the Blues at the time of the incident, has served his suspension. He has been reassigned to Buffalo of the American Hockey League.

en seconds apart late in the period, cutting the Wings' lead to a single goal but Wayne Connolly's wrapup tally clinched it for Detroit.

Five different players scored for Toronto in the Leafs' victory over Los Angeles, which extended its winless streak to 17 games, four shy of the league record.

The Kings led 1-0 on Eddie Shack's long slap shot before Toronto went in front 2-1 at the end of the first period on power play goals by Ron Ellis and Dave Keon in a span of 1:32.

The goals by Ellis and Keon were their 29th of the season.

Gene's Goff's Nodouble Topweighted

By ED SCHUYLER JR.

Associated Press Sports Writer
Two and seven—they're in the numbers of interest to Gene Goff and Willie Shoemaker in the \$100,000-added Santa Anita Handicap.

Goff's 5-year-old Nodouble will be trying Saturday to become the first horse to win the 1¼-mile race two straight years, while Shoemaker, who has the mount on Howard B. Keck's Fiddle Isle, will be shooting for his seventh straight victory in the event.

Nodouble will carry high weight of 130 pounds and will spot the 12 others entered Thursday from nine to 19 pounds. Only Sea Biscuit, Thumbs Up, Mark-Ye-Well and Round Table have been able to win the Santa Anita Handicap under 130 pounds.

The 1½-mile, \$50,000-added Donn Handicap at Gulfstream could help unscramble the handicap division in Florida, which has been wide open this winter.

Pelican Stable's Al Hattab got the high weight of 117 pounds among the seven entered for the Donn. Others include Beau Brummel, 114; Bold Favorite, 113 and Twogundan, 112.

Alfred G. Vanderbilt's Time of Your Life and R.F. Kuhn's Robin's Bug top a probable field of nine Maryland-bred 3-year-olds for the 1-16-mile Prince Georges Stakes at Bowie.

Mrs. F.A. Spencer's Schatz Pie, top-weighted at 122 pounds, is among 10 fillies and mares entered in the one-mile, \$25,000-added Golden Poppy Handicap for fillies and mares at Golden Gate Fields. A Pleasant Sort is next in the weights at 120.

Sheik of Bagdad, Mr. Bird Dog and Traffic Mark are among those expected for the \$20,000-added Southland Handicap over a mile and 80 yards at Oaklawn Park; Noble Intrigue and Sassy Mors are the leading probabilities for the 1-16-mile, \$15,000-added Fairgrounds Oaks at the New Orleans Fairgrounds, and Flying Mokey gets top weight of 120 pounds for the \$7,500 Woonsocket Purse at Narragansett Park.

Stars Reveal Conditions on Moving

By THE ASSOCIATED PRESS

MILWAUKEE (AP) — "We're a much better club," said Atlanta's Bill Bridges after the Hawks easily knocked off the Milwaukee Bucks 126-117 Thursday night.

It was the only National Basketball Association game scheduled.

While Bridges was espousing the Hawks' superiority, Atlanta Coach Richie Guerin was being a little more tactful.

"Everybody that played contributed," Guerin said. "We rebounded well. (Walt) Hazzard did a real good job getting the ball down court. Joe (Caldwell) did a job defensively and (Walt) Bellamy was the big man out there."

Guerin's apparent reluctance to boast probably stems from the last time Atlanta was in Milwaukee. That's when the Hawk's player-coach said Milwaukee is bush.

A capacity crowd of 10,746 booed lustily when Guerin was introduced before the game.

Hazzard scored 23 points and handled the Atlanta attack like a magician to pace the Hawks' victory. Caldwell, despite his defensive brilliance, played well enough on Atlanta's end of the court to score 23 points, high for the Hawks.

Rookie Lew Alcindor led all scorers with 39 points, but was almost shut out on the boards as Atlanta gave Milwaukee a rebounding lesson. The 7-foot-2 Alcindor was held to just four caroms as the Hawks took a 53-37 edge.

The victory increased Atlanta's Western Division lead to one and one-half games over Los Angeles, while the Bucks, second in the East, slipped to six games behind the New York Knicks.

In the only ABA games, Denver defeated Pittsburgh 114-97 and Indiana beat Washington 123-110.

Terms of the sale were not announced.

Jack Dolph, ABA commissioner, said he was pleased by the transaction.

Prescott to Play Salem in A Meet

By THE ASSOCIATED PRESS

LITTLE ROCK (AP) — Jonesboro Westside meets Ouachita and Salem plays Prescott tonight in the semifinals of the Class A senior boys state basketball tournament at Little Rock's Barton Coliseum.

The first game is at 7 p.m. and the second at 8:30.

Westside advanced to the semifinals Thursday with an 82-69 victory over defending champion Lonoke. Ouachita edged Grady 50-48, Salem upset Brinkley 58-53 and Prescott defeated Hampton 55-49 in other quarterfinal games.

Westside, ranked seventh in The Associated Press' Arkansas high school basketball poll, jumped out to a 12-point lead in the first quarter and was never headed. Westside led 43-31 at the half and 61-52 entering the final period.

Steve Williams led Westside with 17 points. Ricky Holman scored 15, and Buster Campbell 14. Joe Bryant scored 21 points and grabbed 24 rebounds to pace Lonoke.

Nail Phelan's basket with 11 seconds remaining gave Ouachita its victory over Grady.

The score was tied 43-43 entering the final period, but Grady failed to score a field goal in the final 5:16 of the game. Mike Martin paced Ouachita with 15 points and David Schultz added 14. Willie Shelton led Grady with 20.

Brinkley, beaten by Lonoke in last year's finals, led Salem 31-28 at the half. Salem went ahead to stay 47-46 when Ray Bob Cochran sank a jump shot with less than four minutes remaining.

Cochran scored 30 points and Butch Traylor hit 21 for Brinkley.

Hampton jumped off to an 11-point lead in the first period, but the margin had dwindled to one point at the half. Prescott took the lead for good midway through the third period.

Jerry Langston scored 16 and Horace McGough 14 for Prescott. Billy Randall scored 25 and Ricky Smith 13 for Hampton.

 Taxpayers' Revolt
 Evident at State
 Level Also

It was folly for Gov. Rockefeller, in view of last year's total defeat in the regular session of the General Assembly, to revive an almost identical tax-hiking program and thrust it upon a special session this month. The result was as predicted—a defeat as bad as, if not worse than, the disaster of a year ago.

Nominally a Democrat, with the newspaper strictly independent, your editor supported Gov. Rockefeller in two successful campaigns—but sided with the Democratic legislature on most tax questions.

If this appears inconsistent I have a rejoinder that will give you indigestion.

When we had a Democratic governor and a Democratic legislature we not only got tax bills but tax bills that became laws. That was back yonder when the state's political power structure was solid and the people didn't have a chance to beat it.

But with the power structure split—a Republican in the governor's chair but Democrats still dominating the General Assembly—we also got tax bills, but tax bills that failed to pass.

And that's a heartening thought after 12 years of spend-and-tax under Orval Faubus.

Gov. Rockefeller will call this left-handed praise, from an editor who supports him in campaigns but opposes his program in office—but your editor is non-partisan, reporting facts as they are, not as some party man might wish them to be.

All governors propose higher taxes and bond issues. The situation is no different with Gov. Rockefeller—except for this all-important point: The Rockefeller tax proposals don't become law. And the proposed state highway bond issue also is dead.

Is this a reactionary public policy I am pursuing? Not at all. In the 1968 election the nation voted for reduced public spending, and officials at the state level throughout America promptly launched a counter-offensive to fill the void left by the federal cutback—a flagrant example of political opportunism.

The people, however, were fully informed—and their resentment turned from federal to state governments, with higher taxes being defeated almost everywhere.

Specifically, Arkansas citizens have reason to suspect that some of the demand for higher taxes arises from the necessity confronting the state government to pay off the bond debt and assume the operating costs of privately-owned Little Rock University which Pulaski county politicians had manipulated into a merger with Fayetteville's University of Arkansas.

Under the circumstances do you blame the people for giving scant attention to the screams for higher taxes on the entire state? Not even a Democratic governor could have convinced the Democratic legislature this time—much less the people, who would most certainly have been given a referendum on any tax question.

Voting Rights Foes Change Tactics

By JOHN CHADWICK
 Associated Press Writer
 WASHINGTON (AP) — After losing a key test vote, Senate forces opposing extension of the 1965 Voting Rights Act have changed tactics in hopes of softening the law.

Sen. Sam J. Ervin Jr., D-N.C., called up an amendment today weakening the act by limiting its coverage to only two states—Georgia and South Carolina—in their entirety. At present, the law applies in seven Southern states.

The Senate Thursday defeated 47-32 a move to block extension of the law for five years, giving civil rights leaders a significant victory and handing the Nixon administration a setback.

Sen. Roman L. Hruska, R-Neb., an administration supporter, said more amendments are forthcoming in an effort to find a middle ground between the act and the nationwide voting rights bill urged by President Nixon.

The Senate vote contrasted sharply with House action last December, when the administration bill triumphed over an extension of the 1965 act by a five-vote margin.

The Thursday vote came on Hruska's motion to table—and thus kill—a substitute to the administration's bill.

The substitute, by Sen. Hugh Scott, R-Pa., and Philip A. Hart, D-Mich., not only extends the 1965 act without change for five years, but it bans use of voter literacy tests in any state and establishes uniform residency requirements for voting in presidential elections.

Scott, Senate GOP leader, cited gains in Negro voting in the South since passage of the 1965 act.

But Hruska said the law should cover all the states and provide uniform procedures for protecting minority groups against denial of voting rights.

The 1965 act, which expires in August, suspends voter literacy tests and authorizes federal registrars in Alabama, Georgia, Louisiana, Mississippi, South Carolina, Virginia and 39 counties in North Carolina.

It was drafted to apply automatically to states in which literacy tests were used and in which less than 50 per cent of the voting age population was registered or voted in the 1964 presidential election.

Ervin's amendment based the formula on the 1968 election. He called it a redemption move giving credit for increases in registration and voting since passage of the act.

But Hart said three states that had been the most consistent offenders prior to passage of the 1965 law—Mississippi, Alabama, and Louisiana—are exempted from automatic coverage under Ervin's amendment.

\$57,294 Grant to Texarkana

Says Lockheed Deal Exposes Pentagon

By JIM ADAMS
 Associated Press Writer
 WASHINGTON (AP) — The urgent appeal of the nation's largest military contractor for \$641.2 million in federal funds exposes a breakdown in Pentagon policies that could bring the collapse of the defense industry, Sen. William Proxmire says.

The Wisconsin Democrat, a vehement critic of defense spending, said the payments requested by Lockheed Aircraft Corp. Thursday is "bailout money" and the decision to pay Lockheed should be made by Congress, not the military.

Lockheed reported a \$32.6 million loss for 1969 and said it will have critical financial problems if the Pentagon delays payments of up to \$641.2 million on four major weapons systems.

Proxmire said the final prices of the contracts drag on. "The tragedy is that much more than the fate of a single corporation has been placed in jeopardy by the colossal failure of the Department of Defense," he said.

"Lockheed and practically every other aerospace contractor is seriously undercapitalized with net assets far below the level of its military business," he said.

"It has been a mistake to concentrate so much of our defense program in the hands of a few giant contractors."

"A continuation of present policies and practices could bring about a collapse of the defense industry with serious damage to our military security."

Secretary of Defense Melvin R. Laird said Lockheed contends it is entitled to almost \$1 billion more for the four weapons programs than the Pentagon says.

Lockheed board chairman D. J. Haughton wrote Deputy Secretary of Defense David Packard that the situation poses "disastrous potential" for the company.

Haughton asked an additional \$435 million to \$500 million for the controversial C5 cargo plane.

After cost overruns were reported in the C5 program, the Pentagon said last year it was cutting back an expected order of 120 transports to 81.

Workers in durable goods manufacturing have been especially hit by the employment slowdown, with their unemployment rate climbing to 4.7 last month—nearly double the post-Korean war low of 2.5 per cent reached in February 1969.

Most of the increase in unemployment took place among adult workers—about 150,000 for men and 130,000 for women, with joblessness among teenagers holding steady for the month.

The unemployment rate for adult men increased from 2.5 to 2.8 per cent in February, also the highest level since October 1965. The increase affected men in all major age groups, but especially those between 20 and 24, whose unemployment rate climbed from 6.1 to 6.7 per cent last month.

\$30,000 Loan to Augusta

WASHINGTON (AP) — The Department of Housing and Urban Development has approved a \$30,000 loan to the housing authority at Augusta, Ark.

Rep. Bill Alexander, D-Ark., said the funds would enable the authority to begin planning for construction of 100 low-rent housing units, including 24 for the elderly.

Alexander also said the Farmers Home Administration has approved a \$110,000 loan to Elaine (Phillips County) to improve the existing water system.

World Waits Anxiously War Action Picks Up in Several Areas

By ALTON BLAKESLEE
 AP Science Editor
 NEW YORK (AP) — Weather threatens to draw a frustrating curtain over Saturday's stunning spectacle of a total eclipse of the life-sustaining sun.

An early Weather Bureau prediction was that cloudiness and rain over wide areas would hide the view of the moon marching across the face of the sun.

The sun will blink out completely for two to three minutes along an 85-mile-wide path starting in Florida at 1:17 p.m. EST, with the dark shadow then speeding over Georgia, the Carolinas, and Virginia before heading out only partially over regions west of that line with the eclipse less in degree and earlier in time the greater the distance west.

Despite any clouds, hundreds will witness the totality of the eclipse. They will be astronomers and other scientists, some newsmen and photographers, flying seven to eight miles high aboard special jet flights. And perhaps some passengers aboard regular airliners will be lucky enough to be at the right places at the right times to see the eclipse.

Cameras and special scientific instruments will record and analyze the event aboard some 70 rockets vaulting up to altitudes of about 100 miles, and from 12 probes to be fired from guns, and from the Applications Technology Satellite-3, shifted into a new orbit so it can photograph the blob of the moon's shadow whizzing over the earth at about 1,500 miles an hour.

Bad weather around will be particularly galling because another total eclipse will not sweep across any part of the continental United States until 2024.

A total eclipse is a rare and rewarding scientific event. To boost their chances of seeing it, some 800 scientists have set up specialized and costly equipment in and around Manhattan, in the south Mexican state of Oaxaca, where the odds for clear weather are better. Amateur astronomers are congregating at Valdosta, Ga., among other sites.

This eclipse occurs at the peak of sunspot activity in the sun's 11-year cycle, thus offering opportunities for more insight into the dynamics of the sun and the sun's corona, its usually invisible gaseous cloud that reaches millions of miles into space.

Senate Virtually Kills L. J. or Bill, Other Tax Measures Buried

By BILL SIMMONS
 Associated Press Writer
 LITTLE ROCK (AP) — The Arkansas Legislature stepped Thursday near final interment of the vestiges of Gov. Winthrop Rockefeller's \$35 million tax program and raised a question about the future of the legislative Council's prison-financing plan.

The House buried the administration's bill to end utility and transportation company exemptions to the use tax on a 19-68 vote. The measure is pending in the Senate.

The Senate tabled, and virtually killed, the administration's "fair trade" law repealer, which would up the excise tax on liquor to bring in \$700,000 to \$900,000 annually. The proposal escaped death twice in the House, where final action is pending.

The most recent income tax scale adjustment proposal, tabled by the Senate Wednesday, got a "do not pass" recommendation Thursday from the House Revenue and Taxation Committee.

The council's prison-financing plan, embodied in four Joint Budget Committee bills, was approved in the Senate, but the major bill had no vote to spare and the second-largest of the prison bills failed to get approval in the House.

A plan to give state employees a pay increase of five per cent over the regular five per cent raise this year was approved by the House and Senate, and each chamber now will consider the other's bill.

The House approved a bill to require a statewide vote in the

Five Negroes Steal \$200 at Station

Five negroes, three women and two men, took about \$200 cash from a cigar box at Norman Moore's store at Hope City Limits on Highway 4 at 8:30 a.m. and fled in an old model brown colored oldsmobile, City Police reported.

Officers said the money was taken while the station attendant, Clyde Tolson, was putting gas in the vehicle. Search for the five continues.

City Police also reported that an unexplained amount of money was taken from a cold drinks box at Buckley's Station during the night and from \$30 at Madlock's Station. An apparent attempt to enter Williams Hardware Store downtown failed, Officers reported.

Asks Help in Restoring Peace in Laos

KEY BISCAYNE, Fla. (AP) — President Nixon made a detailed, 3,000-word defense of American involvement in Laos today and announced he is asking help from the Soviet Union and Britain to help restore peace in that country.

Nixon acknowledged that in recent days "there has been intense public speculation to the effect that the United States involuntarily increased in violation of the Geneva accords, that American ground forces are engaged in combat in Laos and that our air activity has had the effect of escalating the conflict."

Describing these reports as "grossly inaccurate," Nixon stated, "I have concluded that our national interest will be served by putting the subject into perspective through a precise description of our current activities in Laos."

The chief executive said there are no American ground combat troops in Laos and "we have no plans for introducing ground combat forces into Laos."

He also stated that "no American stationed in Laos has ever been killed in ground combat operations."

Giving precise figures, Nixon said there were currently 1,040 Americans, both service personnel and civilians, in Laos but that only 618 of these are direct government employees.

"U.S. personnel in Laos during the past year has not increased," he said, "while during the past year we have been able to provide a service to the community."

Students to Pick Up Litter on All Roads

"Project Pickup" has been set for Saturday, March 7 by the Hope High School Inter-Club Council.

About 150 to 300 students will meet at the Administration Building at 9 a.m. and about twenty pickup trucks will be available for their use. The plan is to move from the center of Hope in all directions, covering the county and state roadways, picking up bottles, cans, and other litter.

This service campaign will involve members of the Future Farmers, Future Homemakers, Junior Counselors, Key Club, and Student Council.

According to Troy Buck, FFA sponsor, the students will learn about pollution along the highways and how it affects water, soil, etc., as well as being a service to the community.
